CINDERELLA - The new Exhibition on the CULT MOVIE

© DEFA-Stiftung

Wintertime is Fairytale Time

Augustus hands the keys over to Cinderella

Moritzburg Castle is famous as a Baroque hunting and pleasure castle of Augustus the Strong; but since 1974 also as the backdrop for the Czech-German cult fairytale film THREE HAZELNUTS FOR CINDERELLA. Back then, nobody would have expected this film to become one of Germany's most favoured fairytale films of all time. Meanwhile, the film itself has become part of the castle's history and is a must-see in every home at every Christmas.

This fairy tale comes alive every winter on its authentic film location. With much love for detail, sceneries and backdrops have been reconstructed. And, of course, numerous costumes and pieces of equipment as well as scores of items provided by courtesy of enthusiastic fans of the film have been put on display. In viewing room, the film director and actors talk about their lives and the history of making the film. The exhibition is in German and Czech (handouts in English and Russian are available)

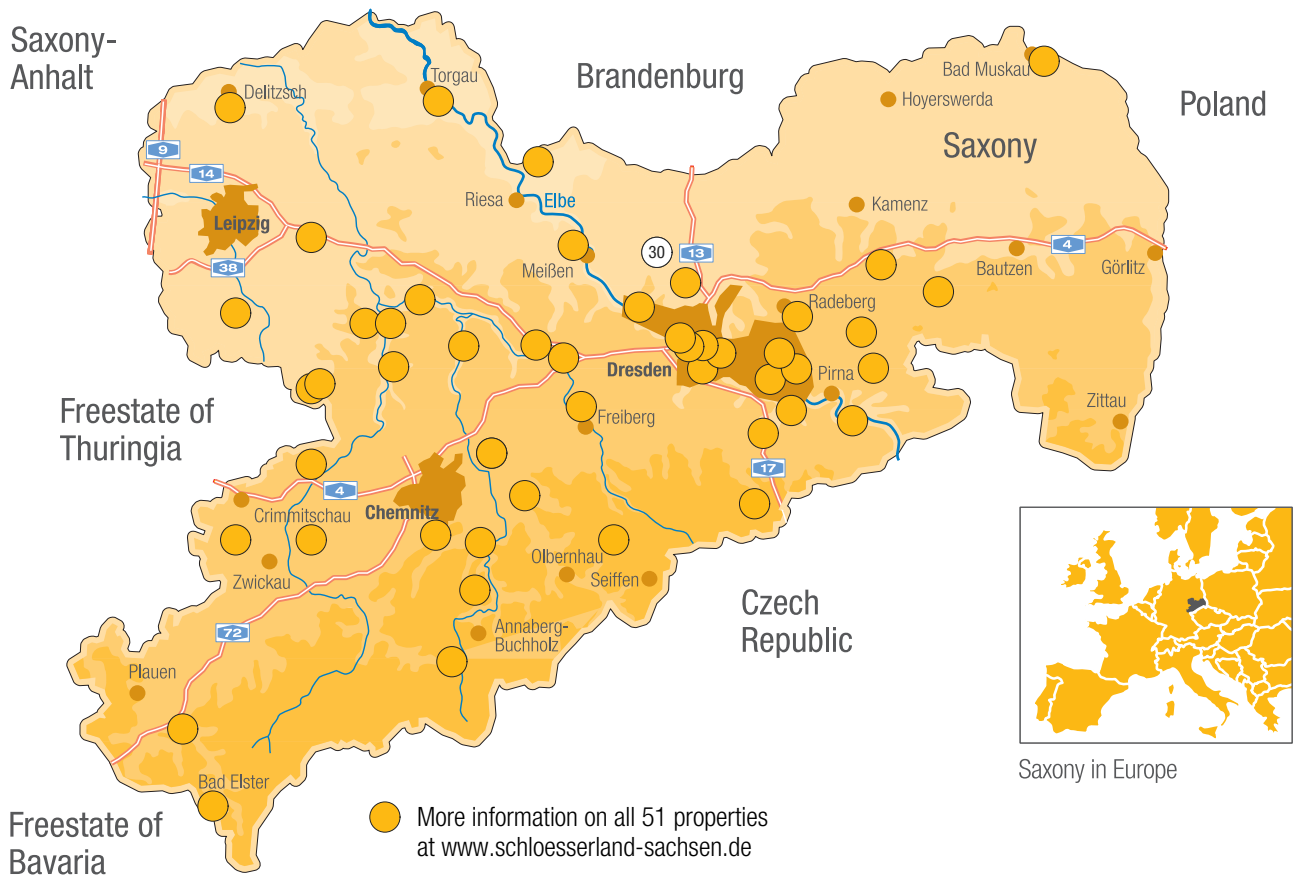

Immerse yourself in the story of one of the most beautiful fairytale films of all time!

Please bear in mind: For technical reasons (films and audio technology), guided tours cannot be conducted during regular opening times. Guided tours for groups are possible on request in the evenings.
